LASH EXTENSIONS

VOLUME

C H A N G I N G L I V E S

WWW·CHERRYINKGROUP·CO·ZA

WHAT ARE VOLUME LASHES?

- Advanced technique
- Requires more skill and training
- Handmade fans are made by a technician
- 2-7 (2D - 7D) ultra fine lashes are fanned out to be applied to a single natural lash
- Volume lashes do not add more weight on natural lashes
- Volume lashes is lighter, one (3D) Volume fan weighs less than one 1 classic lash.
- Less glue is used during the volume technique, so you don't feel any weight.
- Volume lashes are still safe for your natural lashes

VOLUME LASHES ARE IDEAL FOR :

- Increasing volume/fullness to a set of lashes
- Creates soft, fluffy and voluminous effect
- Perfect solution for sparse lashes or gaps
- Great for clients wanting a more dramatic look

BENEFIT TO YOU AS TECHNICIAN :

- Broadens the scope of your services
- Able to Customize each set to an individual client
- Option for longterm clients to go more glamorous
- Asking more for a set as it is more specialized

IN THIS COURSE :

- Suitable for eyelash technician's that wants to advance their skill
- One year Classic Lash experience is compulsory before attending Volume training
- 2 day training, after which students will be required to submit ten case studies to qualify for their certificate
- This course teaches everything you need to know about the different volume techniques, styling and application
- Intense, hands-on course where you will be learning theory as well as practical on a live model
- This is a Master developed program to give you the ultimate in knowledge, skill and confidence
- Classes are small for undivided attention
